TEACH THE TEACHER PROGRAM OVERVIEW

approx 2 school weeks

1. Research

- Understand Teach the Teacher
- Think about themes to explore
- Consult with your school community

2. Plan with VicSRC

- Analyse your data and choose an issue
- Create your key discussion questions for your teachers
- Plan your professional learning session

approx 2 school weeks

3. Deliver

- Run your professional learning session
- Have positive conversations with your teachers about your chosen issue

4. Reflect

- Summarise the key information and ideas from your teachers
- Discuss what went well and ways to improve
- Create an action plan to work on your issue and improve your school community

In addition to the workshops that we run for students, VicSRC will run one professional development session for the staff at your school which must take place between the first and second student workshops outline here.

Following the completion of these steps, you will have one term of post-program support and regular check-ins with the VicSRC team.
